Long Version

Founded in 2009, Unlimit is a global fintech company that offers a large portfolio of financial services, including payment processing, banking as a service (BaaS), and an on-ramp fiat solution for crypto, DeFi, and GameFi. The company's mission is to deliver solutions that eliminate financial borders, enabling businesses to operate both locally and internationally with ease across Europe, the UK, LatAm, APAC and Africa. Unlimit has 500 employees across 16 offices and five continents, including London, Frankfurt, Singapore, São Paulo, Hong Kong, and Mexico. For further information, please visit: www.unlimit.com

When was the company founded?

14+ years ago

The company was founded more than 14 years ago by our visionary CEO and Stanford School of Business alumni, Kirill Evstratov, with an ambition to help entrepreneurs accept and make payments to scale their business, by combining deep tech expertise with local insights. Under Kirill's leadership the company has become one of the leading providers in the industry and is now offering fast-growing innovative businesses a constantly evolving business interface, designed to bring the financial world of tomorrow closer and to blur the line between traditional banking, digital wallets, and cards payments.
